

## **Session Program**

**Nov 6 - 9, 2023**

# **2nd workshop on advancing the understanding of non-perturbative QCD using energy flow**

## **Ultra Peripheral Collisions**

Stony Brook University/Online, CFNS, Peter Paul Seminar Room, C 120 Physics Building

## Wed, November 8

2:00 PM

### Ultra Peripheral Collisions: Session 1

**Session** | **Location:** Stony Brook University/Online, CFNS, Peter Paul Seminar Room, C 120 Physics Building |  
**Convener:** Xuan Li

14:00 - 14:30 **UPC studies at EIC/LHC**

**Speaker**

Vadim Guzey

14:30 - 15:00 **UPC studies at LHCb**

**Speaker**

Krista Smith

15:00 - 15:30 **UPC at ATLAS**

**Speaker**

Benjamin Gilbert

3:30 PM

4:00 PM

### Ultra Peripheral Collisions: Session 2

**Session** | **Location:** Stony Brook University/Online, CFNS, Peter Paul Seminar Room, C 120 Physics Building |  
**Convener:** Xiaoxuan Chu

16:00 - 16:30 **Vector Meson Photoproduction in UPCs at CMS**

**Speaker**

Zaochen Ye

16:30 - 17:00 **UPC Jpsi at STAR**

**Speaker**

Zhoudunming Tu

5:15 PM
