

## **Session Program**

**Jul 21 - 24, 2025**

## **New opportunities for beyond-the-Standard Model searches at the EIC**

### **Session**

Peter Paul Seminar Room, C-120

Peter Paul Seminar Room (C-120) Center for Frontiers in Nuclear Science Department of Physics and  
Astronomy Stony Brook University Stony Brook, NY 11794-3800

Mon, July 21

9:00 AM

Session: Electroweak Physics and Future Opportunities at the EIC

Session |

Location: Peter Paul Seminar Room, C-120, Peter Paul Seminar Room (C-120) Center for Frontiers in Nuclear Science  
Department of Physics and Astronomy Stony Brook University Stony Brook, NY 11794-3800

09:00 - 10:00 Status of the EIC (45 min talk + 15 min discussion)

Speaker

Thomas Ullrich

10:00 - 11:00

Opportunities with a 2nd EIC detector (45 min talk + 15 min discussion)

Speaker

Pawel Nadel-Turonski

11:00 - 11:15 Coffee

11:15 - 12:15

Overview of precision EW studies with SMEFT (45 min talk + 15 min discussion)

Speaker

Sally Dawson

12:15 PM
