Completed *BeAGLE v1.03.02* productions

❑ 18x110 GeV/A e-U events with INC formation times of 2, 10, and 20 fm/c.
- Complete simulation ROOT files are located on SDCC.
- 1 million events each for 2 fm/c and 20 fm/c settings. 10 million events for 10 fm/c setting.
- Text files with pre-fragment information can be found here. The format is the same as I provided previously.

❑ 18x110 GeV/A e-^{78}Kr events with INC formation times of 2, 10, and 20 fm/c.
- Complete simulation ROOT files are located on SDCC.
- 1 million events each for all three settings.
- Text files with pre-fragment information can be found here. The format is the same as I provided previously.
